About this product

Wherever you need surface space, this pared-down end table is here to help. It's built from steel in a sleek black finish, and features a bell-shaped base that holds a slender support and a circular surface. Versatile, portable, and durable, it's ideal for small and/or minimalist homes.

About this product

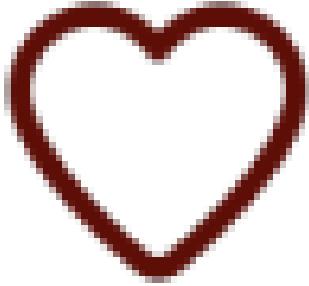

Keep a warm West Coast vibe around with this photo print. Printed in the USA, this piece from Design Fabrikken features a palm tree and yellow retro bus with a series of surfboards on its roof, both silhouetted against the pale blue sky. This piece is giclee-printed on paper using archival inks for an accurate reproduction. It arrives in a wood frame and is covered with shatterproof acrylic that helps protect the image from fading. A wall hanging wire is attached, and mounting hardware is included.
